

# Make a Funny Story - Consequences Game

## ***How to Play:***

All players sit in a circle and start with a piece of paper and pen each.

Each player writes part of the story on the piece of paper in front of them and then folds the paper, so the text is hidden and passes it to the person to their left with each turn. When completed unfold the paper and have fun reading each story aloud.

Although there are lots of variations on the story, it usually follows a pattern similar to this one below:

- Adjective for a person·
- Name of a person·
- Met adjective for a person·
- Name of person·
- Where they met·
- First person wore·
- Second person wore·
- First said to second·
- Second replied·
- The consequence was... ( what happened )
- What the world said

For younger players, you can do a drawing version where each player draws a head, passes it to the next person to add more of the body and so on until you have a completed a character from each kid's initial drawing.

Check this version out on my blog ([here](#)).
